School Board Report

January 16, 2020

Student Representatives: Nick Meachen, Caroline Greene

Mission:

We prepare confident, self-directed, and responsible citizens equipped with knowledge, skills, and perseverance.

Vision:

To create a dynamic and cohesive environment that promotes learning for all.

NEAS&C Collaborative Visit 21-22 April, 2019

❖ **Student Learning** practices maximize the impact of learning for each student.

We have officially started second semester! Teachers are evaluating the needs of students, and placing interventions in place for a successful second semester. Students have demonstrated their knowledge and what they have learned in several different ways from Design Projects, competitions, portfolios to performances.

The school counseling department, in conjunction with the admin, are initiating work on the 2020-2021 schedule.

We delayed the change in our grading platform to the mobile application, until the end of second semester--and now are beginning to change over for teachers. This changeover will occur over the Martin Luther King weekend.

Winter sports are now in full swing, with practices, meets and tournaments. Not only will you be able to see our students skiing, both nordic and alpine, playing basketball but also a spirit squad cheering on our basketball teams.

❖ **Learning Culture** promotes shared values and responsibility for achieving the school's vision.

Take a look at our Middle School Girls' bathroom--Maddie Koehler led a team of girls to brighten up the walls with inspirational words. She felt it was important for her peers to have positive words, to encourage them when they are feeling sad or alone. She worked on this during the winter break. She hopes this will continue and start a trend in the building.

NEASC Standards chairs are working on the final evidence gathering in order to draft the self-reflection reports. We have set an internal deadline of 14 February, for all staff to read, comment and discuss the reports before we vote on our top priorities for our improvement plan.

The Profile School community will provide diverse educational opportunities to inspire, engage, and challenge all students.

- ❖ **Learning Support** ensures that the school has appropriate systems to support student learning and well-being.

Our Educational Support Team (EST) has been regularly meeting on Wednesdays, it is comprised of the School Psychologist, our school counselors, nurse, SAP, Mrs. Bartlett, Mr. Jacobs, and myself. Our mission is to support students who are in danger of not being successful. We analyze attendance, tardies, discipline and academics. Through a team effort, we create action plans as well as timelines to evaluate the progress of the action plans. Some of the interventions we have implemented are: counseling, gate keeping, peer tutoring, lunch groups, or parent meetings.

- ❖ **Learning Resources** ensures that the school has appropriate systems to support student learning and well-being.

Enrollment by Grade and Town						
	7th	8th	9th	10th	11th	12th
Total	35	49	37	31	32	25
