

Dear Profile High School Student:

We are pleased to announce that Profile High School is introducing a new college planning system called SCOIR. We have chosen SCOIR to help you navigate the college selection and application process because it is simply the best system available for discovering colleges that match your personal as well as academic interests.

You will soon receive an email invitation from SCOIR with a link to register your account. Once you create your account, you can immediately begin using SCOIR to search for and start building a list of colleges that interest you. Your parents will also have access to SCOIR to assist you in your college selection and to gain more insight about the cost of attendance at different colleges. The counseling office will be using SCOIR to communicate with you during your college planning process.

We are excited to be able to provide SCOIR to our students and families, and we feel confident that you will find it helpful and easy to use. Before you get started, please take a moment to watch the short videos below to help you become familiar with how to use SCOIR.
